Animal Technician

Salary: Grade 3 £25,748 - £26,638 per annum

Post: Full Time, Permanent, part time/job share considered

We are seeking to recruit an Animal Technician to join the BMS, IDRМ team. The department provides for the care and welfare of animals in experimental research and in doing so, we support the scientific community across the University.

Your focus as a Grade 3 Animal Technician is the day to day care of the animals. You are expected to be able to communicate effectively, have good organisational/computing skills, a strong attention to detail, an ability to organise samples/record results in a clear organised fashion, have experience of working in a laboratory animal environment and hold IAT level 2 or equivalent qualification or relevant experience, experience of carrying out basic scientific procedures in a laboratory environment is desirable. You will work as part of a team but also independently with instruction from a Senior Animal Technician.

Owing to the nature of this position, an offer of employment with the University will be subject to a satisfactory security screening. Applications for this vacancy are to be made online by clicking on the link below:
