

Animal &  
Plant Health  
Agency

## Post-Mortem Technician

Salary: £32,220 – APHA Weybridge, Surrey, UK

Reference: 379494

This is an exciting opportunity to work in a dynamic role as part of the high disease containment post-mortem team within the Pathology and Animal Sciences Department.

You will be underpinning the crucial work of a dedicated agency that is tackling disease and ensuring the health of animals throughout the UK.

### About the role

In this role, you will provide support for the ante and post-mortem examination of large animals and poultry through the sampling, and humane euthanasia of livestock using appropriate methods. You will also assist with the location/sampling of tissues as required by experimental protocols and the safe transfer and submission of samples from the post-mortem room to the relevant laboratory facilities, following Good Laboratory Practices.

### About you

Together with experience in working in a scientific environment and dissection/anatomy skills, you will need to be a good communicator, team player, motivated, able to use common software applications and have

a BTEC HNC/BSc degree or equivalent technical qualifications in biological/biomedical/bioveterinary science.

### We offer:

Excellent mentoring and CPD opportunities, including degree opportunities up to PhD level

- Long-term job security, a great work-life balance with 37 hours per week and Civil Service benefit package
- Employee Assistance Programme, access to Civil Service Benevolent Fund
- Civil Service Pension
- 25 days annual leave (excluding bank holidays), rising to 30 days with length of service.

### Where to go from here

To apply, please visit the Civil Service Jobs website [www.civilservicejobs.service.gov.uk](http://www.civilservicejobs.service.gov.uk) and search using the reference number.

For informal discussion about this role please contact Tilly Glenday ([tennille.glenday1@apha.gov.uk](mailto:tennille.glenday1@apha.gov.uk)).

**Closing date: Wed 15 January 2025  
at 23:55 GMT.**
